

Annual Gutter Maintenance Checklist

Spring (Mar – May)

- Inspect for winter damage: cracks, sagging or loose hangers
- Remove leaves, twigs, and debris by hand or gutter scoop
- Flush troughs with garden hose, check downspouts for clear flow
- Tighten loose fasteners and brackets
- Check seals at joints; re-caulk if gaps or leaks

Summer (Jun – Aug)

- Mid-season debris sweep (especially after storms)
- Trim back overhanging branches
- Inspect and clear gutter guards or screens
- Examine fascia and soffit for water stains or rot

Fall (Sep – Nov)

- Pre-leaf-drop cleaning: clear out all leaves and seed pods
- Confirm downspouts are directed away from foundation
- Test water diversion with full-pressure hose
- Inspect for early ice dam “shadow” areas under shingles

Winter Prep (Dec – Feb)

- Remove remaining debris; ensure troughs are dry
- Apply gutter-safe de-icing strips at eaves
- Check attic for ice-dam leaks (water stains)
- Schedule professional inspection if repeated ice damming
